

DURALIFE ASSEMBLED SQUEEGEE

STANDARD SQUEEGEE

Size/profiles/hardnesses available in high-profile wooden holders are 2" H x 3/8" W x 6' L rectangular and ballnose (rounded edge) in 55, 65, 70, 75, 80 and 85 durometers. Other combinations available by special order. Any 2" H x 3/8" W x 6' L. Duralife product may be ordered assembled in our high-profile wooden holder.

HIGH-PROFILE WOODEN SQUEEGEE HANDLE

The handle is curved for easy two-hand maneuvering. Jumbo handle profile available in 4 1/2" size for additional comfort. We recommend post screws every 4 inches available separately.

Available in heights of: 4 1/2" H x 1" W x 6' L or 3 3/4" H x 1" W x 6' L

MAGI-GRIP™ HIGH-PROFILE ALUMINUM SQUEEGEE HANDLE

The Magi-Grip is a classic, precision extruded aluminum squeegee holder, curved for easy handling in manual screen-printing. The 4 1/2" high profile offers a convenient grip. The aluminum holder will not absorb and retain solvents. In addition, its corrosion-resistant, anodized finish makes cleanup easy. Ink residue easily wipes clean.

There is no drilling of the squeegee blade required. Ridges inside the holder opening help grip the squeegee firmly with even pressure and without piercing the blade or distorting it between the ribbed aluminum. Thus, it is held perfectly straight and flat, with a uniform amount of squeegee blade extending from the holder.

The Magi-Grip is pre-drilled and supplied with screws positioned every 3 inches. To use, simply loosen the screws, insert the squeegee and retighten the screws.

The Magi-Grip can be used with any squeegee 3/8" (9.5mm) thick, including rectangular (standard, dual-durometer or composite), V-shape or ballnose (rounded edge).

ASSEMBLED MAGI-GRIP

Any 2" H x 3/8" W x 6' L Duralife may be ordered assembled in our Magi-Grip high profile aluminum holder.

Available from stock in cut-to-size lengths of up to 118".
